LEUVEN, 20 February 2015

KATHOLIEKE UNIVERSITEIT – LEUVEN, Museumzaal of the Erasmushuis
Erasmushuis, Faculty of Arts: Blijde-Inkomststraat 21 box 3301, B-3000 Leuven

The project's Work package 3 "Roadmap Development" has the task to design a Roadmap for broadening e-Infrastructure deployment to support citizen researchers in digital culture. A first draft version of the Roadmap will be released in month 6 (January 2015) as an internal document for discussion.

This work package will conduct a public workshop on the 20th of February 2015 with the aim to present the projects results to date, in order to obtain feedback from the partners and from external experts, before finalizing the Roadmap.

Invited are partners and relevant stakeholder e.g. the wider cultural heritage community, researchers, Citizens associations, creative enterprises and e-Infrastructure communities beyond the consortium. Besides the internal draft version of the Roadmap, a number of internal reports will be presented with the purpose to be used as background documents for the discussion.
